

Cervical Length Screening and Preterm Birth Prevention Counseling

A Physician-Developed Open-Source Web Tool

Chukwuma I. Onyeije, MD | Atlanta Perinatal Associates | onyeije@gmail.com | (404) 354-1889

CLINICAL NEED

Preterm birth prevention counseling depends on consistent use of cervical length screening recommendations, yet clinicians and patients often lack a standardized, accessible

5-step

screening and counseling workflow

OBJECTIVE

To describe and implement a free, browser-based screening tool within OpenMFM.org that translates SMFM and ACOG guidance into a clinical counseling workflow.
